Comments:

April 20 10-12, DABA Bowling. May 18 11-1,

Beep baseball and tandem riding in Newark 11-1 and hotdogs will be served.

DABA is having their 40th Anniversary Celebration for DABA. The event date and attire are to be announced.

On March 25, a Peer Support meeting was scheduled in Milford, but no one attended. An April meeting has not been scheduled. Patti said it was disheartening. People asked for the training, but didn't attend. It was promoted by newsletter, but Loretta is looking into robo call. She is also doing research surveys statewide for input on workshop topics. There was a discussion about meeting room locations. Patti is aware of the locations members shared. She said some facilities have fees. Ken Rolph said IRI (Independent Resources, Inc.) could host a meeting.

Ken said the new apps are more and more accessible. Ken has been approached many of these facilities to make apps. Lloyd asked Ken if he had recommendations for DVI training or workshops? Ken said he and Mel have already talked about a workshop on technology. Ken said that DVI clients were coming to him for technology training. DVI staff explained to Ken that they were unable to get the proper training. While their instructors were knowledgeable about the apps and technology, none of them were blind. They did not know how to access and use the accessible components of the apps. This is definitely needed training. Agreed.

Adjournment

Patti Addison made a motion to adjourn, seconded by Ken Rolph. Lloyd Schmitz adjourned the meeting at 11:47 am.

Jillian Queen, Council Member
